EXPERIENCE

System Engineer
Infosys

📅 Oct 2022 – Ongoing   📍 Bangalore, India

**Accelerate** (Smart Room Booking System)

- The project was Smart Room Booking System which was already build in MEAN Technology. We converted it in React with some extra functionality in Backend using Node JS.
- Collaborated with the team in developing the project from scratch and successfully migrating it from Angular to React JS.
- Resources or URL can be accessed according to user role like admin and user i.e (Authentication based URL).
- Create Admin Dashboard for accessing all the resourses for admin.

`React JS` `Node JS` `Express JS` `Mongo DB` `Material UI` `GITHUB`

Node JS Developer Intern
SHETHINK

📅 January 2022 – March 2022   📍 Bangalore, India

- Learn crud operation, aggregation, pagination, Error Handling, Filtering data, upload files and images on the server, sending email, etc.
- Upload files to other services providers like S3,reading and writing excel files.
- Resources or URL can be accessed according to user role like admin and user i.e. (Authentication based URL). JWT is used.

`Node JS` `Express JS` `Mongo DB` `GITHUB`

SKILLS

`React JS` `Node JS` `Express JS` `Mongo DB` `GITHUB`

`Material UI` `Bootstrap` `AXIOS` `Spring Boot` `Javascript`

`C++` `Redux`

EDUCATION

Bhagalpur College of Engineering
Bachelor of Technology (Computer Science)   **Score: 7.99 C.G.P.A.**

📅 Aug 2018 – July 2022   📍 Bhagalpur, Bihar

K C Mount Fort School
Senior Secondary School   **Score: 68.4%**

📅 May 2015 – May 2017   📍 Muzaffarpur, Bihar

PROJECTS

Blog GitHub

- Technology used in this web application are React as Frontend, Node JS and Express JS as Backend and for database used as Mongo db.
- For Admin, Dashboard is available for creating, updating, delete the post.
- Authentication is also available for admin and user.

Portfolio GitHub

- Technology used MERN and tools used Material UI, React Bootstrap and some NPM packages
- This is Dynamic Portfolio. We can maintain from admin Dashboard.

ACHIEVEMENTS

🏆 **Global Rank 81 in code chef long challenge.**

Secured a global rank of 81 out of 26k participants from allacross the globe in code chef October long challenge,2021

Problem Solving

Solved **300+** Data structures and algothm based problems on various coding platforms like leetcode, geeksforgeeks, pepcoding and codechef etc.

Smart India Hackathon Internals

Won this hackathon with a team of 6 members among 100+ participants by developing a web based doctors appointmentplatform.

CERTIFICATIONS

- Infosys React Professional Certificate.
- Infosys React Associate Certificate.
- Infosys Spring Boot Professional Certificate.
- Web Development by Angela Yu (Udemy).
- Introduction to programming through C++.
